

TRBusiness Rocks attracted the biggest crowd ever at its most recent event in Cannes during the TFWA World Exhibition and Conference, which took place at the end of October.

The event has become legendary in the travel retail industry's social calendar as an event at which delegates have the opportunity to truly unwind, in a relaxed and fun environment, complemented by fantastic live music.

Morrisons two-room venue including the Lanson lounge was packed with around 600 attendees on Wednesday 29 October during the TFWA World Exhibition in Cannes.

Exhibition delegates enjoyed the traditional and legendary TRBusiness hospitality, live music from Soul Beat, a complimentary bar and gifts from TRBusiness Rocks Sponsors.
