Paradies to open four new stores at Vancouver Airport

Paradies Lagardère is to open four new stores at Vancouver International Airport having been awarded two concessions packages.

Three will be located in the International Terminal Building (ITB) and one in the Domestic Terminal Building (DTB).

Coastal News, which will open in 2019, will feature a new modern design that will appeal to airport employees and international travellers alike, according to the company.

PRE-SECURITY LOCATION

The ITB pre-security location will offer travel basics such as neck pillows, eye masks, travel adapters, smartphone cables, drinks and snacks and regional gifts and gourmet food items such as Maple Crème cookies and Icewine tea and chocolates.

The new Coastal News store in the International Terminal Building at Vancouver Airport will appear to airport employees and international travellers alike.

In the ITB post-security, Relay will also feature a new design offering travel essentials and a full-service illy Café with seating. Both concepts will open in 2019.

Next year, a Deepwater Spirit shop offering local products will begin trading in the new expanded ITB area, while a new Pacific Coast News outlet will also open in the DTB pre-security area.

Gregg Paradies, president and CEO, Paradies Lagardère said: "Paradies Lagardère is excited for the opportunity to continue its long-standing relationship with Vancouver International Airport. The concepts we're introducing into the retail program at YVR will enhance the customer experience at the airport with fun locally-themed items and travel necessities."

Scott Norris, Vice President, Commercial Development, Vancouver Airport Authority added: "At YVR, we are always looking to provide outstanding customer experiences and that includes engaging and diverse retail options. We're thrilled to continue our partnership with Paradies Lagardère, further enhancing our concession program with the arrival of these four new stores."

A Deepwater Spirit shop offering local product will open next year in the new expanded International Terminal Building Area.
